What is the Women's Outdoor Sports Association, Inc.?

The Women's Outdoor Sports Association, Inc. was founded in 1998 and organized as a nonprofit corporation in 1999. The Association was established to introduce, stimulate interest in and encourage women to actively participate in organized sports activities.

The Women's Outdoor Sports Association, Inc. promotes family recreational and competitive outdoor sports activities. The organization also promotes and advances those characteristics of honesty, good fellowship, self-discipline, team play and self-reliance, which are the essentials of good sportsmanship. Programs are designed to offer women of all ages an opportunity to gain valuable skills and knowledge in an environment that encourages fun and success in the outdoors.

Since our inception, hundreds of men and women (both beginners and experienced) have participated in events sponsored by the Women's Outdoor Sports Association.

Challenge yourself... Exceed the limits.
